## Professional Summary

Highly skilled development professionals prepared to leverage extensive coding and software engineering experience. Proven ability to improve application performance and streamline development processes. Known for strong team collaboration and adaptability to evolving project needs. Proficient in Java, Python, and version control systems.

## Work History

**MORGAN STANLEY - Data Analysis and Data Visualization Developer Apprentice**
Manhattan, NY
*Aug 2025 - Jan 2026*

- Programmed data analysis solutions using Java, Python and SQL, creating efficient code for processing complex information sets.
- Processed large data sets exceeding 10,000 rows, transforming raw information into actionable programming outputs.
- Processed large data sets containing over 10,000 rows, writing code to transform raw information into useful programming outputs.
- Implemented Copilot integration solutions that streamlined development workflows and minimized time on repetitive coding tasks.
- Collaborated with development teams to develop data analysis tools that transformed complex information into actionable insights for stakeholders.

**B&A APPLIANCES (FAMILY BUSINESS) - Data Entry Associate**
Brooklyn, NY
*Jan 2020 - Mar 2025*

- Processed up to 50 records in the busiest month, ensuring accurate and timely data entry into company systems.
- Utilized Google Workspace and Microsoft Office 365 to efficiently manage and organize data for various projects.
- Collaborated with a team of 4 members on data projects, contributing to the successful completion of deliverables.
- Ensured accuracy and efficiency in data entry and organization to support programming and development initiatives.

## GitHub

- Portfolio

## Skills

- SQL Queries
- Python Programming
- Java Development
- Data Visualization
- Web Development
- Scripting Languages
- Data Reporting
- Software Testing
- Code Optimization
- Problem Solving
- User Interface
- Technical Writing
- Java programming
- Design and multimedia tools

## Education

Expected in May 2028
**BROOKLYN COLLEGE**
Brooklyn, NY
Associate of Science: Java, HTML, CSS, and JavaScript
Completed coursework in Java, HTML, CSS, and JavaScript.

**TIP TOP SHOES - Product Lister & Data Entry**
Manhattan, NY
*Dec 2023 - Dec 2023*

- Managed 100 product listings monthly, ensuring accuracy and relevance of information for e-commerce platform.
- Managed up to 100 product listings per month, ensuring accurate and up-to-date information for the e-commerce platform.
- Populated key data fields per product listing to deliver comprehensive and informative product descriptions for customers.
- Organized and managed databases up to 5GB, effectively handling large volumes of product data.

**UNADAT - Software Engineer**
*Jul 2021 - Aug 2021*

- Developed and deployed scalable software solutions using AWS and PHP in finance industry, enhancing system reliability.
- Created software applications for up to 100 users in finance sector, improving accessibility and user engagement.
- Implemented a Dark Mode feature, enhancing user experience and demonstrating proficiency in complex software development.
- Conducted 20 code reviews and pull requests monthly, maintaining high-quality standards in software deliverables.

**WBAI RADIO 99.5FM NYC - Spring Intern**
Brooklyn, NY
*Jan 2019 - May 2019*

- Collaborated with faculty to develop educational software applications for classroom instruction, resulting in enhanced student learning through interactive tools.
- Collaborated with faculty members developing educational software applications for classroom instruction, enhancing computer programming skills while creating interactive learning tools.
- Developed small programs designed specifically for elementary school curriculum needs, applying computer science principles toward solving real-world educational challenges.
- Integrated new systems into existing school infrastructure with technology team, resolving issues to improve overall system functionality.
- Automated routine administrative tasks with custom scripts, streamlining processes by applying programming concepts from computer science coursework.

May 2028
**YEAR UP UNITED**
Manhattan, NY
Bachelor of Science: Software Development Training

- Year Up United is an intensive career development program with 250 corporate partners, college-level courses, professional training, and a six-month internship.
- Completed coursework in Excel, Business Writing, Public Speaking, and Professional Skills with specialized training in Software Development.
- Software development training covers database management, IDE proficiency, software testing, programming, and code execution.

May 2019
**BOROUGH OF MANHATTAN COMMUNITY COLLEGE**
Manhattan, NY
Associate's degree: Multimedia Programming and Design
Completed coursework in HTML, CSS, Bootstrap, Java, JavaScript, Web Design, and UX/UI.

May 2017
**TCI COLLEGE OF TECHNOLOGY**
Manhattan, NY
Associate of Science: A.S Computer Networking
Completed coursework in Credits Towards A.S Computer Systems, Networking, and Telecommunications.

Jan 2017
**BRAMSON ORT COLLEGE**
Brooklyn, NY
Associate of Science: A.S Computer Information Systems (Game Design)
Completed coursework in Credits Towards A.S Computer Information Systems (Game Design).

**THE CHALLENGE PUBLISHER GROUP** - **Multimedia Intern**
Brooklyn, NY
*Jul 2018 - Aug 2018*

- Produced multimedia content for 10 viewers, incorporating feedback to enhance design and functionality.
- Created multimedia content using PowerPoint, Adobe Illustrator, and Publisher, developing technical skills transferable to programming work.
- Executed multimedia project during internship to enhance skills in design and production., focusing on quality execution from concept through final delivery.
- Produced multimedia content viewed by 10 people, gathering feedback to improve design and functionality.

**BROOKLYN NEIGHBORHOOD IMPROVEMENT ASSOCIATION (BNIA)** - **Office Assistant Intern**
Brooklyn, NY
*Aug 2017 - Aug 2017*

- Updated digital timesheet systems when entries were missing, ensuring accurate pay calculations through systematic data correction.
- Handled timesheet data and payroll numbers, gaining relevant experience in data management for programming careers.
- Processed 20 documents weekly, enhancing attention to detail and data management skills applicable to programming tasks.
- Processed 20 documents weekly, developing attention to detail and data management skills valuable for programming work.
- Collaborated with technical staff to input client information into databases while acquiring foundational programming concepts during internship.

**ST. JOHN'S RECREATION CENTER** - **Multimedia Developer Intern**
Brooklyn, NY
*Jul 2017 - Aug 2017*

- Utilized Adobe Premiere Pro, Filmora, CapCut, and BandCamp to create professional multimedia content for diverse project needs.
- Created professional multimedia content using Adobe Premiere Pro, Filmora, CapCut, and BandCamp, addressing diverse project needs.
- Produced personal videos and artwork of historical figures, enhancing skills in visual storytelling and digital content creation.
- Delivered high-quality multimedia content for 5 digital projects during internship, successfully meeting client needs and project goals.

## *Certifications*

- COURSERA - Google IT Support Professional Certificate | Oct. 2026
- COURSERA - Google Data Analytics Professional Certificate | Mar. 2026
- YEAR UP UNITED - Career Pathways Certificate of Completion — Year Up United | Jan. 2026
- YEAR UP UNITED/PLURALSIGHT - Java Focus – 12-Week Immersive Developer Academy | June 2025
