CAREER SUMMARY

Results-driven Software Engineer with 5+ years of experience developing scalable applications and data solutions. Skilled in Java, Python, JavaScript, SQL, and full-stack development, with a strong focus on automation and performance optimization. Adept at collaborating across teams to deliver impactful technical solutions.

AREAS OF EXPERTISE

- Areas of Expertise: Database Management, Debugging Skills, Problem Solving, User Interface, Software Testing, Web Development, Technical Writing, Scripting Languages, Object-Oriented, Code Optimization, SQL Queries, Python Programming, Java Development, Server-side Programming, Relational Databases, Version Control Systems
- Technical Skills: HTML, CSS, JavaScript, Python, Java, SQL, Power BI, Talend, MySQL, MongoDB, Git, GitHub, Visual Studio Code, Postman, Adobe Illustrator, Adobe Photoshop, Adobe Premiere Pro, Adobe XD, Unix, Linux, Microsoft Office 365, Google Workspace, NodeJS

WORK EXPERIENCE

DATA ANALYSIS AND DATA VISUALIZATION DEVELOPER APPRENTICE Aug 2025 to Jan 2026
MORGAN STANLEY, Manhattan, NY

- Programmed data analysis solutions using Java, Python and SQL, creating efficient code for processing complex information sets.
- Processed large data sets over 10,000 rows, transforming raw information into valuable programming outputs.
- Processed large data sets containing over 10,000 rows, writing code to transform raw information into useful programming outputs.
- Implemented Copilot integration solutions and managed code repositories with Git, streamlining workflows and minimizing time on repetitive coding tasks.
- Collaborated with development teams to develop data analysis tools, converting complex information into actionable insights for stakeholders.

DATA ENTRY ASSOCIATE Jan 2020 to Mar 2025
B&A APPLIANCES (FAMILY BUSINESS), Brooklyn, NY

- Processed up to 50 records in the busiest month, ensuring accurate and timely data entry while maintaining data integrity across company systems.
- Managed and organized project data using Google Workspace and Microsoft Office 365, improving workflow efficiency, accessibility, and collaboration.
- Collaborated with a team of 4 using Git for version control on data projects, ensuring timely delivery and supporting programming and development initiatives.

PRODUCT LISTER & DATA ENTRY Dec 2023 to Dec 2023
TIP TOP SHOES, Manhattan, NY

- Managed 100 product listings monthly, ensuring accurate and timely product information on an e-commerce platform.
- Utilized Shopify to manage and organize product listings, improving online store efficiency and data consistency.
- Handled relational databases such as MySQL with datasets up to 5GB, maintaining and organizing large volumes of product data.
- Reviewed and uploaded footwear product listings with accurate titles, pricing, sizes, colors, descriptions, and category assignments to ensure data quality and consistency.

SOFTWARE ENGINEER Jul 2021 to Aug 2021
UNADAT

- Developed and deployed scalable software solutions using AWS, PHP, and NodeJS for the finance industry, improving reliability and performance.
- Created software applications for the finance sector, effectively supporting up to 100 users.
- Implemented a Dark Mode feature, enhancing user experience and demonstrating proficiency in complex software development.
- Conducted 20 code reviews and pull requests monthly using Git, maintaining high standards for software quality.

SPRING INTERN Jan 2019 to May 2019
WBAL RADIO 99.5FM NYC, Brooklyn, NY

- Collaborated with faculty members to develop educational software applications for classroom instruction, resulting in interactive learning tools that enhanced student engagement.
- Collaborated with faculty members developing educational software applications for classroom instruction, enhancing computer programming skills while creating interactive learning tools.
- Developed targeted programs for elementary school curriculum, applying computer science principles to address specific educational challenges faced by teachers.
- Worked alongside technology team integrating new systems into existing school infrastructure, troubleshooting issues while gaining valuable programming experience.
- Created custom scripts to automate routine administrative tasks, streamlining processes and allowing staff to focus on higher-value activities.

MULTIMEDIA INTERN Jul 2018 to Aug 2018
THE CHALLENGE PUBLISHER GROUP, Brooklyn, NY

- Produced multimedia content viewed by 10 people, incorporated feedback to enhance design and functionality.
- Created multimedia content using PowerPoint, Adobe Illustrator, and Publisher, enhancing technical skills applicable to programming.
- Executed multimedia project during internship, ensuring quality from concept through final delivery.
- Produced multimedia content viewed by 10 people, gathering feedback to improve design and functionality.

OFFICE ASSISTANT INTERN Aug 2017 to Aug 2017
BROOKLYN NEIGHBORHOOD IMPROVEMENT ASSOCIATION (BNIA), Brooklyn, NY

- Updated digital timesheet systems for missing entries, ensuring accurate payroll calculations and data integrity.
- Processed 20 documents weekly, demonstrating strong attention to detail and efficient data management practices.
- Utilized Excel spreadsheets to maintain and track electronic timesheets, improving accuracy and supporting operational workflows.
- Collaborated with technical staff to input and maintain client information in databases, gaining experience with data systems and record management.

MULTIMEDIA DEVELOPER INTERN Jul 2017 to Aug 2017
ST. JOHN'S RECREATION CENTER, Brooklyn, NY

- Resolved audio-video synchronization issues in multimedia projects, enhancing quality and user experience of final products.
- Completed 5 digital projects during internship, delivering high-quality multimedia content that met client needs and project goals.
- Created personal videos and artwork of historical figures, honing skills in visual storytelling and digital content creation.
- Delivered 5 digital projects during internship, providing high-quality multimedia content aligned with client needs and project goals.

EDUCATION & TRAINING

Bachelor of Science: Multimedia Computing And Information Science, **Expected in May 2028**
BROOKLYN COLLEGE - Brooklyn, NY
Coursework: Java, HTML, CSS, JavaScript

Software Development Training, **Jan 2026**
YEAR UP UNITED
Coursework: Excel, Business Writing, Public Speaking, Professional Skills, Software Development

Associate's degree: Multimedia Programming and Design, **May 2019**
BOROUGH OF MANHATTAN COMMUNITY COLLEGE - Manhattan, NY
Coursework: HTML, CSS, Bootstrap, Java, JavaScript, Web Design, UX/UI

Credits Towards A.S Computer Systems, Networking, Telecommunications, **May 2017**
TCI COLLEGE OF TECHNOLOGY - Manhattan, NY
Coursework

Credits Towards A.S Computer Information Systems (Game Design), **Jan 2017**
BRAMSON ORT COLLEGE - Brooklyn, NY
Coursework

LICENSES & CERTIFICATIONS

- COURSERA - Google IT Support Professional Certificate: Oct. 2026
- COURSERA - Google Data Analytics Professional Certificate: Mar. 2026
- YEAR UP UNITED - Career Pathways Certificate of Completion - Year Up United: Jan. 2026
- YEAR UP UNITED/PLURALSIGHT - Java Focus – 12-Week Immersive Developer Academy: June 2025
